

PRODUCTION PLANNING BOARDS...

Your complete schedule 'at a glance'

...THE JOB CARD SOLUTION

A choice of two kits...

- One week (21 machine capacity) kit
- Two week (10 machine capacity) kit mounted one week above another [illustrated]
- Channels hold 80mm depth job cards with a 35mm visible edge
- Kits show a 12 or 24 hour (20mm) weekday and weekend display (dependant on scale)
- Robust blue PVC channels hold overlapping job cards
- Framed units complete with date strips, headers, index cards and fittings

REF	DESCRIPTION	W X H (mm)

KITS NOT SUITABLE?
Bespoke systems available

...THE T-CARD SOLUTION

Workload Production Kit..

- Personalise the system with your own headings
- Job information is written onto the T-Shaped job cards with the 'at a glance' information on the visible card shoulder
- Track every order stage by production stage
- Why not produce data directly from the computer using Printer T-Cards?

REF	DESCRIPTION	W X H (mm)
